MOHAVE COUNTY MINER

AND OUR MINERAL WEALTH

\$3.00
a Year

Vol. XXXVIII.

Kingman, Arizona, Saturday, June 19, 1920.

No. 34.

THREE HOME RUNS WIN GAME FOR KINGMAN SUNDAY

With a 7 to 2 score against them, Kingman started a batting rally in the 6th inning last Sunday and wound up the game with a score of 12 to 8. Smith started the game and at first pitched a strong game but later grew wild and had to be replaced by Knorr. Knorr went in with two men on bases and as usual pitched a wonderful game.

Price started the fireworks in the 6th by lining out a three bagger. Able then smashed out a home run so close to the foul line that many thought it a foul ball. Umpire Latham however called it fair and his judgment was upheld by spectators who were within a few feet of where the ball landed. Two men were on bases at the time.

Stan George leaned on the ball in the seventh and knocked a pretty home run out past center fielder, bringing in two men. Stan hurt his foot just before he reached third but finished running the bases. He is now under the doctor's care and may be out of the game three or four weeks.

While the grandstand was giving George an ovation Ray Robinson stepped to the platter and put another one about the same place though nobody was on the bases. Tommy Hayes hit one out which he thought was a home run and would have been had it been a few feet further over inside the foul line.

Gwynn who started the game for Oatman is a good little pitcher and besides a good fellow. He asked to be taken out in the sixth and was replaced by McGowan who has a good reputation as a twirler but was evidently not right Sunday. He was taken out in the eighth and McGinn again put in the box.

Interest at the game was rather tense in fact a little too tense perhaps. As far as any feeling against any of the Oatman team or umpires is concerned, by any of the Kingman fans, there is none and must not be. Baseball is one of the few forms of amusement we have out in this country and it must not be spoiled.

Tomorrow Kingman crosses bats with San Bernardino again. It is expected the fans will see a different game than the one played with that team recently. They will probably come here with a stronger line-up than last time and then too their star pitcher will be in shape to pitch. Last time he had been worn out with the game in Oatman the day before.

Following is the box score of last Sunday's game:

OATMAN												
	AB	R	H	PO	A	E						
Norvell, 2b & lf	4	1	0	5	1	1						
Harris, 3b	5	1	3	1	1	0						
McGowan, lf & p	5	0	3	2	0	1						
Snyder, 1b	5	0	1	3	1	0						
Lucas, rf	4	1	0	0	0	0						
Muir, c	2	1	0	7	0	0						
Carrara, cf	2	1	0	3	0	0						
Cook, ss	4	2	3	1	4	1						
Gwynn, p & 2b	4	1	0	2	0	0						
KINGMAN												
	AB	R	H	PO	A	E						
Bale, 2b	5	2	2	2	4	0						
S. George, ss	3	2	1	2	2	0						
Robinson, 1b	5	2	13	0	0	0						
Price, 3b	3	0	2	0	2	0						
Williams, 3b	2	0	0	1	2	1						
Armstrong, c	5	1	0	6	1	0						
Mays, cf	4	1	1	1	0	0						
McMillan, lf	4	1	3	1	0	0						
Knorr, rf & p	5	2	2	1	2	0						
Smith, p & rf	5	1	2	0	0	0						
Score by innings:												
	1	2	3	4	5	6	7	8	9			
Oatman	0	3	0	4	0	0	0	1	8			
Kingman	1	0	1	0	4	6	0	x	12			

Stolen bases, S. George, Price, Armstrong, Hays (2), McMillan, Norvell, Harris, Cook; Sacrifice hits, Armstrong; Home runs, Bale, George, Robinson; Three base hits, Price; Two base hits, McGowan; Hit by Pitcher, by Smith Lucas, Carrara, by McGowan George; Bases on balls, off Smith 4, off Gwynn 3, off McGowan 1; Struck out by Knorr 2, by Gwynn 4, by McGowan 3; McGowan replaced Gwynn in the 6th; Gwynn replaced McGowan in 7th; Knorr replaced Smith in the 4th. Winning pitcher Knorr, losing pitcher McGowan. Umpires, Latham, Kline & Davidson.

Joe Steed returned to Kingman Thursday after a vacation of a couple of weeks on the coast.

SWAT THE WEED

Speaking of hay-fever and weeds—they go well together, and owing to the fact that weeds have not been taken care of as well as usual this year, there is more hay fever than ordinarily. The pollen from the ordinary weed is the greatest little starter of hay fever in the world.

Some of the property owners have already cleaned their lots and parking, but very few. For several years past there has been organized effort in swatting the weed, even going so far as crews going out with hoes and rakes to do community work but this year there has been nothing of the sort.

Then too it gives the town a better appearance. Many of us have overlooked it and this is a reminder.

K. OF P. BAND TO GIVE DANCE JULY 5

The K. of P. Band is advertising a dance for July 5. Though the band will not furnish the music, it will give a concert.

F. E. Boyd has donated the use of "The Park" for the occasion and there will be room for everyone. Those who do not wish to dance will be provided with seats where they may listen to the music.

The band is progressing nicely under the leadership of Prof. J. J. Baker and it will not be long before Kingman can boast of a real band. This has been the desire of many of our citizens for a good many years and there is no doubting that a band is an asset to any town.

It takes money to make a band though and the money derived from the sale of tickets to the dance will be used to meet some of the expenses.

MISS FRANCES COOK AND I. R. KOHLER MARRIED

We would have thought that Mr. and Mrs. E. C. Newberry had heard enough wedding bells when they jumped off the earth into matrimony, a couple of weeks ago—but not so, for this week we find them "standing up" at another wedding, that of I. R. Kohlour and Frances Cook. It came unexpectedly, the now Mr. and Mrs. Kohlour, driving into Kingman Wednesday afternoon and straightaway going to the office of Justice Smith, where the ceremony took place.

Friends of the young people have expected for some time cupid would capture these young people.

The bride is a well known Oatman girl, being the daughter of Mr. and Mrs. W. C. Cook. During her residence there she has become well known and very well liked. During the later years she has been connected with the telephone company at Oatman and for more than a year acted as Oatman correspondent for the Miner.

The groom is with the United States and is well known in Mohave County and in Needles.

Their friends wish them all happiness.

NEW MANAGEMENT FOR THE COMMERCIAL HOTEL

Mrs. Jane Wangeman and her daughter Louise have taken over the management of the Commercial Hotel. Both of these ladies are from Texas and are experienced in the hotel business having owned two successfully operated hotels in Texas towns before their coming here. They will endeavor to make the Commercial as inviting as possible for guests.

Mrs. Kean St. Charles, the former manager, has gone to California for the present at least.

MRS. JONES ILL

Her friends will be surprised to learn that Mrs. Smiley Jones is ill in the California Hospital and will have to undergo an operation. It is hoped that she will have a speedy recovery.

SURVEYING OATMAN TOPOCK HIGHWAY

A force of engineers are at work on the new survey of the Oatman Topock road, which has been consistently advocated by Assistant State Engineer O'Connell. This road will be carried around the buttes in the neighborhood of Boundary Cone and will keep entirely out of the big washes that have heretofore made the road west and south from Oatman almost impassable. As soon as the surveys are complete estimates will be made and money will become available for the project. The building of this road will give Oatman an outlet westward for all tourist and other travel, and will connect up with the road through Needles to the coast. The Miner has advocated the building of this road for years. It is a necessity in linking up the National Old Trails Road through the county with the roads that have been built through northern Arizona. While the road through by way of Oatman crosses a big range of mountains, the highway is one of the best in the state and the view from the top of Goldroad mountain is unsurpassed, which makes it an attractive drive for tourists.

The road byway of Yucca will also receive attention from the state and county, which will make that a safe as well as a fast road to Topock. The state engineering department will probably keep its corps of engineers at work in this county for some time, as there may be changes in the road across the county that will have some changes of importance before it is rebuilt and surfaced in accordance with the type demanded by the U. S. bureau of roads.

NO FRAUD FOUND IN EVAN'S ACTION

This week Newton Evans was arrested on complaint of George H. Coll, on a charge of obtaining money under false representation, the arrest being made in Phoenix. Mr. Evans was brought to Kingman by Sheriff Mahoney Tuesday evening, and the following day a hearing was held before Justice of the Peace Smith. The state was represented by S. D. Stewart, county attorney, and the defendant by Carl G. Krook. The whole day and part of yesterday were consumed in the hearing of the cause, which resulted in the dismissal of the action and the discharge of the defendant. From the evidence there did not appear to have been a single criminal element disclosed in the cause, Mr. Evans having power of attorney to act for Mr. and Mrs. Coll in the securing of a lease to school lands in the country below Yucca. Mr. and Mrs. Coll were located on part of a section of land in the country south of Yucca, below the Cienega ranch and after the entry of the land they desired the lease on a school section. For this service Mr. Evans had received one dollar per acre, the full payment for the 320 acre entry having been paid in full and part of the other agreed price. Upon going up on the lands they believed that they had entered into a bad bargain and demanded their money back. This Evans refused and his arrest followed.

For a number of years Mr. Evans and associates have been trying to promote a big tract of land that was held under contract from the Santa Fe land department, but the backing to put over such a big project was lacking and it was found impossible to carry it through at that time. The lands some day will be brought under cultivation, but it will require the expenditure of a big sum of money to develop water and bring it upon the land, in quantity sufficient at least for fruit orchards and garden, while the bulk of the land may be given over to dry farming.

Mrs. Wagner and Mrs. J. W. Patterson have gathered enough cakes to feed a small regiment, through the generosity of Kingman housewives who donated them.

Come out and have a good time and show the boys on the team that you appreciate their winning eight straight games.

W. O. Ruggles, County Assessor, is announcing his candidacy on the Democratic ticket, to succeed himself.

Mr. Ruggles was nominated and elected two years ago by a large majority. Prior to his election he acted as deputy assessor for a number of years and gave very good satisfaction.

STAGING RECALL OF YUCCA TRUSTEES

For the first time in the history of the county a recall of an officer is being staged, a petition being filed with the board of supervisors this week requesting that an election be called for the recall of J. J. Jerome and Louis Janc, who were recently appointed school trustees of Yucca district. The petition recites that these trustees are incompetent and have failed to show reasonable amount of interest in the conduct of the school, wherefore they should be relegated to the discard that other and more competent fellows be allowed to conduct the onerous affairs of the school.

The real funny business about a recall of a school trustee is that under the law all officers who are subjected to a recall movement are allowed \$200 for election expenses from the funds of the county, and if this was generally known every school trustee would be having himself or herself recalled. It would become one of the outdoor sports and everyone would want to play at it. But there is no such thing as a recall for a school trustee, these officers not coming under the terms of the act for the recall of county or state officers. Trustees are within the purview of the county superintendent of schools and if they fall down on the job they can be removed for cause. In the case of Louis Janc and J. J. Jerome, they were appointed, we are informed, because no one could be had who wanted the job. And J. J. Jerome and Louis Janc are among the best citizens of the county and there cannot be a real valid objection to their tenancy of the office of school trustee or any other office within the gift of our people.

PIONEER NEWSPAPER MAN PASSES AWAY

Sam Dunham, one of the best known newspaper men of the old days in Nevada and the Pacific coast, died at his home in New York a week ago. Sam Dunham went to Nevada in the early days of Virginia City, being associated with Mark Twain, W. W. Wright (known as Dandy Quille), Bret Harte and other notables of that time. After the collapse of mining on the Comstock Sam went to San Francisco and was employed on the Call and other papers. When Tonopah was struck Dunham went there and founded the Tonopah Miner, which he afterwards disposed of. Finally he drifted east and was in the employ of George Graham Rice until the collapse of that famous promoter a few years ago. He had been in feeble health the past two or three years and his death was not unexpected.

Sam Dunham was a fine fellow, being a good story teller, an excellent writer and broad mentality. His friends on the Pacific coast were legion and his death will be genuinely regretted in every mining camp of California and Nevada where he was known and beloved.

COME TO THE SOCIAL WAGNER'S LAWN TO-NIT

Tonight is the time and Wagner's lawn is the place. If you don't come you will miss a good time. You are all invited.

Ice cream and cake will be served at so much per and there will be all kinds of amusements besides. The proceeds go to the Kingman Baseball Club.

Mrs. Wagner and Mrs. J. W. Patterson have gathered enough cakes to feed a small regiment, through the generosity of Kingman housewives who donated them.

Come out and have a good time and show the boys on the team that you appreciate their winning eight straight games.

ANNOUNCING HIMSELF FOR COUNTY ASSESSOR

W. O. Ruggles, County Assessor, is announcing his candidacy on the Democratic ticket, to succeed himself.

Mr. Ruggles was nominated and elected two years ago by a large majority. Prior to his election he acted as deputy assessor for a number of years and gave very good satisfaction.

PURE BLOODED HEREFORDS ADDED TO TRIBAL HERD

Supt. W. A. Light, of the Truxton Canyon Indian School, recently returned from a trip to the southern part of the state where he purchased 50 pure bred Hereford bulls and 400 heifers for the tribal herd of the Wal-lapais. Owing to the present depression in the market he was able to get them at an attractive figure.

There are more than 2000 head of Herefords in the tribal herd. Recently Mr. Light turned over 17 head of cattle to each of several of the Indians who wished to start herds of their own with the understanding that they pay them back to the tribal herd out of the increase. This will give those who wish to take advantage of it an opportunity to build up a herd of their own within a few years. The feed is reported excellent on the reservation.

"THE PARK" OPENED LAST SATURDAY NIGHT

To the tune of snappy music and with a large crowd attending, "The Park" opened last Saturday night. Those who attended were surprised to find the place so well appointed and spent a very pleasant evening.

The dance floor is now in good shape and with three sides open afforded a cool place for the dancers. The sunken soft drink emporium did a good business. The numerous benches affords the crowd seating room out in the open while they are not dancing. The music is good and "The Park" will be taken advantage of this summer by Kingman people as a place to spend a cool evening. The dances are scheduled for Wednesdays and Saturdays with music on the other nights of the week.

Such a place is bound to become popular and F. E. Boyd deserves the support of the community for starting the undertaking, as it affords Kingman people a place to congregate such as they have not enjoyed before.

NORTHERN STRIP VOTES SOLIDLY FOR ROADS

The progressive people of Mohave county may well feel proud of the voters of our northern strip, taking the vote of that section on the roads and hospital bonds as a basis. So far as heard from there were 64 votes cast for the road bonds and 60 for and 4 against the hospital.

This is a showing that only a few of the districts in the county can come up to. With this vote added to the returns from other sections of the county the vote stands as follows: Hospital bonds—347 for and 94 against. Road bonds—375 for and 65 against.

Aside from the good work in behalf of the road and school bonds every true American has a just pride in the record of the people north of the river for their support of everything that made the winning of the great war possible and their united support of the government.

KINGMAN PEOPLE AP- PRECIATIVE OF RETURNS

The people of Kingman were extremely grateful to the Miner for furnishing them wire service on returns from the Republican Convention and this way they were able to get news fully as quick as the city papers instead of having to wait 36 hours for the papers from Los Angeles. Large crowds gathered in front of the Miner office as the convention waxed hot.

Naturally this service costs money but the Miner is glad to accommodate the public which supports it.

The same service will be maintained from the Democratic convention which opens in San Francisco a week from Monday.

CATHOLIC CHURCH

Sunday, June 20th.
Mass will be said at 7:30 A. M. by Rev. Father Philips from Fresno, Cal. Father Hootsman.

MIDWAY MOSS SUIT IN SUPERIOR COURT

A suit that will have an important bearing on the rights of shareholders in the handling of the affairs of mining corporations was before the superior court of this county Wednesday last. The title of the cause was C. H. Burlock and others against the Midway Mining and Milling company and the Midway Moss Mining company and the cause of action was to restrain the companies from the consolidation of their interests, or rather the taking over of the assets of the former company by the latter company. It would appear from the evidence that Charles Burlock was the former owner of the mines embraced in the holdings of the Midway Mining & Milling company and in consideration of the financing of the mines they were turned over to that company. Mr. Burlock receiving one million shares of the two million shares of the company. Sometime later all the shares of the company were pooled, especially the promotion shares. Mr. Burlock sold 800,000 of his shares to one A. G. Chaloupka, but these shares were still held in escrow in the name of Burlock. The managers of the Midway M. & M. company were unable to finance the property and it was proposed to organize a new company and take over the assets of the old one. The new company was formed, we understand, on a basis of one share in the new company for ten shares of the old, and in doing this the escrowed shares held by Burlock were taken out of escrow and voted. As the matter stood Burlock has the voting of these shares, as the stock stood in his name on the books of the company and these books were in Burlock's possession. In the new deal Chaloupka received 180,000 shares of stock for his part in the organization of the company, which could not have entailed a greater outlay than \$500, and the old shareholders received 112,500 shares for all their interests. In this way Chaloupka obtained absolute control of the new company for a maximum expenditure of not over \$500. The old shareholders were put in the discard and Burlock began suit. After hearing the evidence in the case, which required two days of the court's time the matter is to be submitted on briefs.

The plaintiffs were represented by Wallace and Lucas of Oatman and Kingman, and the defendants by Judge Russ Avery of the superior court of Los Angeles county, Kason Avery, Anderson and Anderson, of Los Angeles, and C. W. Herndon of Kingman.

The property over which the action was brought is situated contiguous to the Arizona Mossback property and covers part of the Mossback and old Moss veins. It has had considerable work done on it the past year and is said to have considerable potential value.

SHOWER PARTY FOR MISS MARY KAUSE

The Misses Mary Carrow, Phyllis Smith and Emma Martinez gave a lovely miscellaneous shower at Father Hootsman's residence for Miss Mary Kause, whose marriage to Leroy Robinson will occur the latter part of June.

An effective color scheme of pink and white was used in decorating. Vases of pink roses graced the rooms. Music and games were enjoyed.

Covers were laid for twenty-six. A kiewpie bride and groom for center piece stood under a wedding bell suspended from the chandelier. Hand painted place cards and pink favors were used. Refreshments pink and white heart shaped ice cream with cake.

The guests who participated in the affair were all intimate friends of the bride elect.

OUT FOR OFFICE OF SUPERVISOR

W. B. Stephens has announced himself as a candidate for the office of supervisor.

Mr. Stephens, who has been a resident of the county for the past forty years and has already served six years on the Board of Supervisors. Two years ago he came out for the state senate and came close to beating the present holder of that office, Senator C. W. Herndon. "Bill", as he is known among his friends, is a great campaigner.
